Uniquely Yours

LIFESTYLE

Never before has there been more opportunity to create the ultimate kitchen, based on your lifestyle. With a myriad of choice available including various door styles, colours, textures and accessories, you can devise a space that directly reflects your personality and the way you choose to live your life. Whether you have a desire for contemporary styling or want to steep yourself in traditional comfort, your own 'personal' kitchen can be realised.

DESIGN

Not to be underestimated, the design of your new kitchen is one of the most important decisions you can make. A fusion of cabinet & appliance layout, feature accessories, colour combinations and finishes, the choices you make will affect how you enjoy your kitchen for many years to come. Luckily we offer plenty of options!

QUALITY

Quality should be an integral aspect of any kitchen you choose to purchase regardless of budget. Whether it is the construction, finish or design detail of our ranges, you can be sure that premium quality is our top priority. With this in mind you are free to concentrate on the look and feel of your new kitchen, confident that the quality is ingrained.

Internal Solutions

Whether you have a larger kitchen or less space to work with, there'll always be those dreadfully bulky items which prove a pain to store or other everyday items which aren't as accessible as they could be.

Our range of indispensable internal solutions allows you to achieve an organised, practical kitchen without compromising on its aesthetics. From pull-out corner storage to integrated waste bins, we have an ideal solution to suit your everyday needs.

Beyond the kitchen

Open plan living spaces are becoming ever more popular for the sociable, warm and open atmosphere they encourage and their multi-functional nature. Our 'Beyond the Kitchen' concept allows ease of continuity between various living zones with the introduction of complementary furniture pieces such as media units, sideboards, coffee and side tables.

Throughout the brochure you will also find fabulous examples of pantries, bootrooms, laundry rooms and home offices, all of which combine clever functionality with stunning creative design.

LED Lighting

As kitchens are increasingly performing on a multi-functional level, adequate lighting is essential. A cleverly designed lighting scheme has the power to transform a kitchen into a truly impressive space that sets the mood for cooking, dining, relaxing and entertaining. A diverse range of LED lighting options are available to ensure your kitchen design is taken to the next level in terms of both style and practicality.

Timeless Elegance

Timeless Elegance represents enduring sophistication and luxury with kitchens that will last and last. This classic collection brings traditional elements to the fore resulting in a stylish yet homely kitchen space that feels like it has always been there.

CLIFDEN

Inspired by the simple beauty of the traditional shaker design, Clifden combines a slim frame with a smooth painted finish to create something truly impeccable. A contrasting palette of muted and rich tones works harmoniously with design elements such as double panel doors, plain dresser frames, an overmantle shelf and beaded panelling to create a truly majestic kitchen space.

- 1 Clifden painted Heritage Green and Porcelain. Worktop is Dekton Stonika Xgloss Collection Natural18c2 and backsplash is Rough Old Glass Vintage. A beautiful yet functional integrated pantry features double panel doors. Add a touch of luxury with a canopy to house a recessed extractor fan and incorporate a contemporary overmantle shelf to achieve a high-end look.
- 2 Large island featuring butchers block in solid Oak with moulded modern plinth. Incorporate a bespoke ice bucket recessed into the worktop for an added touch of luxury.
- 3 Home office featuring plain glazed frames and top box doors for extra height and storage. Beaded panelling adds character to create the perfect work environment.

Handle: K1-218 (See page 84).

EXPRESS COLOURS

1

3

- 3 Integrated pull-out bin in an Anthracite and Silver Steel finish. Features four compartments for an efficient, concealed way to manage everyday waste.
- 4 A stunning recessed feature dresser which incorporates tall triple panel doors and plain glazed frames, perfect for maximising storage and displaying everyday kitchen items. Incorporate LED downlights for a soft, ambient glow.

2

- 1 Clifden painted Marine and Light Grey. Worktop and splashback is Corian Antarctica. Back wall features canopy with arched legs nestled between beaded panelling for authentic country style living. Multi-functional L-shaped island features end pastry bench and an integrated dining space.
- 2 Bookcase in Light Grey with inset Oak shelving frames the dining space.

Handles: K1-267 and K1-270 (See pages 84 & 82).

4

FLORENCE

Florence offers timeless appeal with its smooth painted finish and internal beading on the centre panel of the door, a refreshing design element in a classic shaker range. Opt for features such as plain glazed frames and open shelving to achieve a kitchen that is both stylish and affordable.

1 Florence kitchen painted Light Grey. A perfectly appointed island unit can provide much needed extra counter and storage space for cooking and entertaining.

Handle: K1-169 (See page 84).

EXPRESS COLOURS

GEORGIA

Offering a selection of on-trend colours the Georgia kitchen is a shaker style door featuring a smooth painted finish and is ideal for those who like to experiment! A truly versatile design that lends itself equally to a wide range of styles from modern industrial to cosy traditional.

- 1 Georgia kitchen painted Marine. Worktops are Neolith Calacatta CO1R. Features include Light Oak open shelving and a multi functional island, perfect for entertaining and casual dining.
- 2 Brass handles create a rich contrast with the bold marine and the mix of oak in the island pastry bench, coupled with the exposed brick, rustic flooring and sintered stone worktops all work harmoniously to create a truly eclectic style.
- 3 Media unit painted Marine with contrasting Parched Oak open shelf perfectly complements the detailing in the kitchen.

Handle: K1-261 and K1-264 (See page 84 & 83).

2

- 1 A spacious Kensington kitchen in Indigo featuring overmantle, open shelves with plate rack and large island with breakfast bar. Worktops are Dekton Aura15.
- 2 Traditional walk-in pantry featuring open shelves with decorative brackets.

Handles: K1-255 and K1-257 (See page 82 & 84).

- 1 Kensington in Cashmere creates a warm cosy feel to this compact kitchen which opens up onto the patio for outside dining. Worktop is solid Oak timber.
- 2 A tall dresser unit creates the perfect larder. Extra storage is provided with decorative open shelves.
- 3 A beautiful console table complements the kitchen providing decorative and practical storage.
- 4 Adding an underplinth below the doors, enhances the overall streamlined design of this shaker range.

Handle: K1-259 (See page 83).

- 1 Kensington kitchen in Graphite featuring simple linear styling. Worktop is Dekton Sirocco.
- 2 Coffee table in Graphite complements the kitchen.

Handles: K1-279 (See page 83).

- 1 Stylish freestanding sideboard in the dining area with brushed chrome legs.
- 2 Kensington Porcelain featuring tall larder units and central island. Worktop is Silestone Snowy Ibiza.

Handle: K1-279 (See page 83).
Furniture Legs: Brushed Chrome (See page 85).

DAWSON

Dawson's slim frame, sloped internal profile and v-groove detailing offers a unique design that can adapt to suit both contemporary and traditional styling. Featuring glazed doors, open shelves and a mock inframe design to create interesting focal points, Dawson is available in six stunning colours that will easily bring your dream kitchen to life.

3

2

ALDANA

The stunning simplicity of the Aldana shaker style door is accentuated by its narrow frame for a decidedly modern look. This door is accompanied by a host of accessories that will expand your design options to create a kitchen that meets all your expectations.

- 1 Aldana kitchen painted Marine and Stone. Worktops are Dekton Valterra Ultra Compact (island) and Dekton XGloss Tundra Ultra Compact (base units and dresser). Also shows beautiful end panels on the island, created with pilasters and feature plinth.
- 2 A welcoming entrance with cloak and bootroom featuring seating and storage.
- 3 Dresser displaying glazed frames and drawers with an acute angled cornice.
- 4 Island featuring under plinth and narrow pilasters to create a 'framed' look. Also shows walk in pantry featuring base units and open shelves painted Stone.

Handles: K1-195 and K1-198 (See page 82 & 84).

EXPRESS COLOURS

	Porcelain
	Light Grey

	Dust Grey
	Marine

1 Aldana kitchen painted Light Grey. Worktop is Dekton Entzo Ultra Compact. Also shows use of universal pilaster to create an 'inframe' look and plain glazed frames on worktop dressers and on top of the larder unit on far right.

Handle: K1-210 (See page 84).

1 Aldana kitchen painted Dust Grey. Worktop is Silestone Eternal Charcoal Soapstone quartz on island and Silestone Eternal Serena quartz on back run. Also shows suspended island supported by chunky posts.

Handle: K1-206 (See page 83).

JEFFERSON

The ornately constructed Jefferson door with its moulded, raised centre panel will bring your rural space to a different level. Available in Light Oak and Ivory with a large range of specially appointed accessories, the number of design possibilities are endless with this classically elegant kitchen.

1

EXPRESS COLOURS

2

- 1 Jefferson in Light Oak and Ivory combines lots of rich tones and textures creating a feeling of cosiness and homeliness. Worktops are Dekton Milar.
- 2 Dresser with solid Oak wine glass holder and wine rack.
- 3 Extra storage and seating are cleverly incorporated with cushioned window seats.

Handles: K1-214 and K1-218 (See page 83 & 84).

3

MADISON

Effortlessly chic and stylish, the Madison shaker door with v-groove makes an impressive statement with its simple detailing and selection of accompanying designer accessories. Classic in both function and form Madison will fit happily into any sized space to bring you a kitchen that works hard and looks fabulous.

1

EXPRESS COLOURS

	Light Oak
	Porcelain
	Ivory
	Mussel
	Light Grey
	Sage Green

	Marine

- 1 Madison kitchen in Light Oak and painted Ivory featuring a working overmantle and open shelves in Light Oak to complement the elegant island. Worktops are Silestone Et Calacatta Gold. Chunky pilasters, moulded skirting plinth and traditional cornice combine to add opulence to this classic kitchen.
- 2 This magnificent dresser/media unit is the perfect solution to complete this traditionally styled, open plan living space.

Handles: K1-222 and K1-224 (See page 84).

2

1

- 1 For a traditional look with a modern twist, opt for a mock inframe style. You can also introduce a funky floor design using a multi coloured geometric pattern.
- 2 Madison kitchen painted Light Grey with Dust Grey island unit. Worktops are Dekton Valtterra Ultra Compact (back run) and Silestone Kensho quartz (island). Also shows open display wall shelving with decorative brackets. Island is embellished with feature end panels.

Handle: K1-206 (See page 83).

1

2

3

- 1 Madison kitchen painted Porcelain and Marine is used to create a modern twist to a traditional setting. Window seats make a stunning and practical storage solution. Worktop is Dekton Kovik.
- 2 Sideboard featuring drawerpack and moulded skirting plinth.
- 3 The T&G feature on the compact island with breakfast bar and open shelves in Light Oak is reflected on the wall run to enhance the simplistic styling of the Porcelain units.

Handles: K1-255 and K1-257 (See page 82 & 84).

2

WAKEFIELD

Wakefield is successfully used here to add a more eclectic look and feel to this open plan living space. Brass and orange accessories effectively contrast with the rich, on-trend Marine colour. Open shelving features heavily to add practical and decorative storage and gives this modern living space a sense of warmth and homeliness.

1

	Marine

2

- 1 Wakefield kitchen painted Marine creates a dramatic element to this modern rural home. The multilevel island is designed to effectively divide and reflect the open plan architecture and create functional spaces. Worktop is Caesarstone Supernatural 5143 White Attica.
- 2 This sideboard painted Marine shows off the beautiful grain finish and beaded profile of the Wakefield door.

Handle: K1-277 (See page 83).

Contemporary Chic

A fusion of contrasting tones capture the essence of the Contemporary Chic collection. Created without compromise, these kitchens provide a dream setting for those who appreciate the benefits and beauty of ergonomic design. Usually occupying a bright and airy space and using stylish finishes and minimalist features, we show what is needed to build your modern paradise.

CLIFDEN

A simple shaker design with an ultra-modern twist, Clifden takes flair and panache to the next level through a bold colour choice, industrial styling and a rich brass handleless trim. The stunning room architecture creates a seamless transition from the indoors to the outdoors and naturally accentuates the Heritage Green paint colour.

EXPRESS COLOURS

Porcelain
Light Grey
Marine
Heritage Green

- 1 Clifden painted Heritage Green. Worktop is Dekton Natural Collection Rem (back run) and solid Oak (island). Also features Handleless rail system in a contrasting rich metallic brass finish.
- 2 Floor to ceiling tall housing with integrated oven tower for a streamlined look.
- 3 A fusion of natural solid Oak combined with exposed brick and industrial styling creates a stunning contrast of materials.
- 4 Continue with the streamlined look with uninterrupted lines on the multi-functional island unit.
- 5 Contemporary room architecture beautifully merges the outdoors with the indoors through the inclusion of a quirky window hatch, perfect for alfresco dining and entertaining.

STRADA GLOSS

A fine example of open plan living where the versatility of Strada Gloss, with its linear J-handle, is easily applied to create seamless styling from the kitchen to the home office, situated in the magnificent, light filled mezzanine.

EXPRESS COLOURS

	White
	Porcelain

3 Integrated appliances framed by decorative shelving with feature LED lighting.

2

STRADA MATTE

A resounding favourite for those seeking a contemporary space, Strada Matte painted offers a silky, durable and blemish free finish. Coupled with Strada's cutting-edge design and extensive colour options, you have a kitchen that meets your practical needs as well as your aesthetic demands.

- 1 Strada Matte Cashmere. Worktop and upstand is Silestone White Arabesque. For a zoned living space, opt for internal glass critall doors which gives the illusion of more space. Add open shelving as an additional feature for storage or to act as a decorative display.
- 2 Achieve this ultra-modern light and airy space through a combination of soft muted colours and a simple design layout. The linear wall panelling and rich marble worktop create a statement designer look.
- 3 Pull-out bin in Anthracite and Silver Steel featuring two compartments, perfect for separating everyday waste and recyclables.
- 4 This compact study nook doesn't compromise on storage through a clever combination of drawer, cupboard and tall cabinetry resulting in a practical yet inviting work station.

EXPRESS COLOURS

Porcelain
Light Grey
Cashmere
Dust Grey
Marine
Graphite

- 1 Strada Matte painted Marine is used here in a dramatic tone on tone room setting. Worktops are Dekton Vera. The linear simplicity of Strada sits perfectly with the contrasting eclectic styling.
- 2 Continuing with the tone-on-tone theme the living space is furnished with a Strada Matte media unit which is detailed with antique brass legs.

Furniture Legs: Antique Brass (See page 85).

1

2

- 1 Strada Matte painted Light Grey (wall and base units) and Dust Grey (island). Worktop is Boston Concrete. Traditional meets modern with ornately styled home decor sitting harmoniously alongside contemporary kitchen cabinetry.
- 2 Graphite coffee table with angular brushed chrome legs complement the dark tactile feel on the unit.
- 3 Wall hung contemporary media unit painted Dust Grey and Graphite features open shelves and spot light.

Furniture Legs: Brushed Chrome (See page 85).

3

1 Strada Matte painted Graphite.
Worktop is Silestone Iconic White quartz.

1 Strada Matte painted Porcelain. Worktop is Silver Grey composite surface. Dark timber flooring creates a pleasing contrast.

ZOLA GLOSS

Visually stunning as well as virtually indestructible, Zola Gloss provides a mirror-like finish that will complement any space it occupies. Available in seven trendy shades, this kitchen provides the perfect blank canvas for you to inject your own personality and style.

3

- 1 Zola Soft-Matte in Indigo featuring handleless rail system with trendy brass metallic finish. Worktop and upstand is Silestone Classic Calacatta. The combination of moody blues and warm contrasting tones from the herringbone flooring and neutral wall colour creates an ultra modern style statement.
- 2 Simplistic linear look achieved by the sleek handleless rail and bank of drawers across the full length of base units.
- 3 Integrated dishwasher cleverly framed with handleless rail for a truly streamlined look.

- 1 Zola Soft Matte Cashmere and White with handleless rail system in aluminium finish. Worktop and upstand is Silestone Royal Reef. Inspired by Scandinavian influences of wood and signature muted tones, this trademark look achieves a perfect fusion of style and practicality.
- 2 Multi-functional island unit in White, featuring extra wide drawers for optimal storage and a streamlined appearance.

Handleless Rail: Aluminium (See page 85).

- 3 Open shelves act as a fresh alternative to internal drawers. The Oak finish provides a premium quality look resulting in a truly unique design feature.
- 4 Carry the minimalist look through to the adjacent laundry room. Incorporate integrated appliances at eye level for everyday convenience and frame with tall doors to maximise storage.

- 1 Zola Soft-Matte Light Grey and Graphite. Worktops are Silestone Lagoon quartz (back run) and Silestone Eternal Emperador quartz (island). Also shows handleless rail system with aluminium finish.
- 2 A Zola Soft-Matte sideboard in Graphite with push to open doors and drawers, adds another focal point in this contemporary living space.

*Furniture Legs: Brushed Chrome (See page 85).
Handleless Rail: Aluminium (See page 85).*

- 1 Handleless aluminium rail system dispenses the need for handles in this contemporary set.
- 2 Zola Soft-Matte Indigo and White. Worktop is custom made concrete. The mood provoking Indigo cabinets with cool concrete slab contrast beautifully against the crisp White cabinets.

Handleless Rail: Aluminium (See page 85).

2

2

- 1 Zola-Soft Matte in Dust Grey is contrasted with the warm tones of the open shelves and worktop in Light Oak timber.
- 2 Tall housing units and integrated wall appliances can work perfectly to create more space in your kitchen.

Internal Solutions

From dark, hard to reach corners to awkward pieces of cookware, we offer a range of indispensable internal solutions so you can be free to enjoy an extremely well organised kitchen.

Choose from a selection of corner storage and integrated pull-out bins, all designed to provide you with practical, functional options without compromising on the overall look of your kitchen.

CORNER STORAGE

With the natural shape of our homes, corner cupboards aren't something we can escape. Turn those dark, hard to reach spaces into practical, easy to reach areas with our cleverly designed corner pull-outs.

ARCO LINEA

Arco Linea features Anthracite flat rails with Anthracite non-slip base.

ARCO COMPACT

Arco Compact features Chrome round wire rails with White non-slip base.

The Arco corner solutions offer effortless opening and ultimate practicality. Each tray swings gracefully out of the cabinet completely and independently. A high load capacity makes them suitable for housing heavy pots and pans, crockery or even small kitchen appliances. Available as a standard self-closing system or as a 'soft-closing' and 'soft-opening' model.

PULL-OUT BINS

Keep your floorspace clutter-free and ensure your kitchen remains clean, tidy and hygienic with one of our cleverly concealed integrated bins, a real benefit for smaller kitchen spaces.

Depending on the size of your household, we offer a range of soft-close pull-out bins with one or more compartments ranging from 21 litre capacity to an enormous 86 litres! Available in Beige and Anthracite finishes.

Pull-out bin in Anthracite and Silver Steel shown as a 64 litre capacity option, featuring 2 x 24 litre bins and 2 x 8 litre bins suitable for 600mm wide cabinets.

Pull-out bin in Anthracite and Silver Steel available in 48 litre capacity option, featuring 2 x 24 litre bins suitable for 450/500mm wide cabinets.

LED Lighting

A carefully considered kitchen lighting scheme can completely transform the look and feel of your space. From prepping a meal for the family, to entertaining friends around the table, your choice of lighting not only sets the mood, but it can also enhance key design features within the kitchen itself. We offer a range of LED solutions to meet both your practical and aesthetic needs.

COLOUR TEMPERATURES

LED's are available in two colour temperatures, Warm White and Natural White. The colour you choose can have a major impact on the overall look and feel of your kitchen space.

Warm White emits a yellow tone and naturally brings out the softer tones in painted kitchens with timber worktops and traditional tile finishes.

Natural White gives a cool crisp effect and enhances more modern kitchens with gloss, concrete and stainless steel finishes.

TASK LIGHTING

Sufficient lighting is a must in task based areas where hobs, sinks and even worktops are in use, as this aids safe cooking, washing and prepping. A range of LED options are available in aluminium and an on-trend matte black finish.

Under cabinet LED lighting in a trendy matte black finish transforms open oak shelving into a unique design feature.

MOOD LIGHTING

Lighting that creates ambience in a kitchen setting can provide the most stunning effect and can transform a kitchen space better than anything else. Opt for recessed LED lighting under worktops, concealed above wall cabinets or even along the bottom of base units.

Effective under cabinet lights used in open shelves and cabinetry combined with LED strip lighting installed underneath the worktop surface of an island are clever ways to create the perfect atmospheric mood.

CONVENIENCE LIGHTING

Combine beautiful, functional lighting with everyday practicality through a range of switches and control modules for ultimate convenience. Choose from a range of wireless touch switches or control lighting from your smartphone via a Wifi app, or through voice control systems such as Amazon Echo or Google Home.

KITCHEN DOOR

CARE & MAINTENANCE

With the appropriate care and maintenance our kitchen doors and components are designed to provide many years of reliable service. To help keep it in the best possible condition please follow the simple guidelines below.

INSTALLATION ADVICE

Pre Installation

Ensure that all new-builds or newly plastered rooms have been left to environmentally stabilise prior to the installation of new kitchen doors. Kitchen doors must not be installed into a damp, or moisture-rich environment as it will cause undesirable movement in the joints and panels of the door. A hygrometer should be used to assess conditions.

To help minimise any potential damage to the kitchen whilst you are installing it, please read and adhere to the following instructions and recommendations:

- We would advise that you make an initial check to confirm that you have the correct quantity and sizes of fascias; you can do this by referring to the labels attached to the outer packaging.
- The fascias should be stored flat and away from the working area. Take extreme care when stacking the fascias with hinges attached to ensure that the hinges do not mark other fascias. Do not lean the fascias against one another, or against any surface without proper protection in-between.
- Ensure that you fully inspect each individual fascia prior to attaching the hinges. Claims for damage to the fascia will not be accepted after the hinges have been attached.
- Take extreme care when unpacking the fascias and do not use sharp blades to cut away the packaging.
- When attaching the hinges, place the fascia face down on a soft clean surface, ensuring that there is no grit, sawdust or other matter underneath that could damage the surface of the fascia whilst the hinges are attached. It is good practice to place a sheet of clean cardboard between the fascia and the flat surface prior to attaching the hinges.
- If the hinges are 'knock-in' type, use a rubber mallet to knock the hinges into the fascia without using excessive force.
- Once the hinges have been attached to a door, hang the door on the unit straight away to avoid damage. Do not stack the doors with the hinges touching other doors, as this can cause scratches or marks to the other fascias.
- Do not stack the doors on their ends on any hard surface; this can cause chipping and scratching along the edge of the fascia, especially on the handle edge of ranges with an integral handle. Prior to fitting, the fascias should be stored flat, ensuring that they are not resting on any dirt or debris that may damage or mark the finish.
- You should take extreme care not to put the door down with excessive force on any edge, especially the handle edge, as this will cause crushing/impact damage on these edges.
- Take extreme care not to put the door down on any hard or rough surface such as bare concrete floors, or on any debris such as sawdust, grit or screws, as this can damage the product.
- If the fascias are attached to the carcass, then you should carefully remove the fascias by unclipping the hinges, and storing these flat in a clean safe environment away from your working area, utilising the packing materials from the units.

- Where cutting/scribing décor panels and trim, you must use a sharp quality saw blade of the appropriate grade for fine-cutting, or a suitable router. Small chips can appear along the cut-edge, and so extra care must be taken to minimise the risk of chipping. Using a blunt or inappropriate saw blade will produce a poor finish, and this will not be covered by the guarantee.
- *On Painted Products:* Any fine chips along the cut edge should be smoothed with a fine grade sand paper prior to fitting.
- All cut edges should be sealed against moisture ingress using a suitable water resistant sealant/adhesive prior to installation.
- All trims are supplied in long lengths and need to be cut down on site, and again it is important that this is done using the appropriate tools.
- When fitting the plinth, ensure that you check the dimensions of any adjacent appliances. On occasion, the plinth may need to be pulled forward to ensure that it clears the front of the appliance. This can be achieved by fitting blocks using off-cuts to the rear of the plinth prior to attaching the plinth clips, to step the plinth forward from its normal position.

General Care

As with all kitchen furniture the most common problems found occur as a result of excessive or prolonged exposure to heat and/or moisture. Always ensure that water is not left around sink areas as damage caused as a result is not covered by the guarantee.

Always wipe off excess moisture and be careful with extreme heat sources, such as kettles, ovens and toasters. It is recommended that these heat sources are not placed directly under wall units when they are in use; they generate a higher level of heat and moisture than is often appreciated and can quickly and easily lead to damage of the furniture.

Don't place appliances that create steam (e.g. steamer, coffee maker or kettle) underneath the cabinets so that the steam flows up against the underside of the cabinet and doors.

If using glass cleaner to clean your glass doors be careful not to damage the finish of the door and cabinet parts while cleaning. Do not spray glass cleaner directly on to the glass or cabinet parts as this may discolour the finish of your kitchen cabinets. Instead, spray a small amount of cleaner on to a lint free cloth or paper towel then wipe the glass.

Don't open the door of the dishwasher immediately after the programme has ended, as exposure to heat and the high humidity increases the risk that the door may absorb moisture and swell.

Please note that after a period of time it is quite normal for the colouring of kitchen units to mellow in colour. This is not a manufacturing fault and is as a result of exposure to light. This means that any additional parts subsequently ordered for your kitchen, or supplied as replacements may not be an exact colour match. However any additional parts supplied will also mellow over time to blend with your existing units.

The colour of doors and drawer fronts may appear mismatched in colour. This apparent mismatch is sometimes the effect of differing light conditions within your kitchen, (known as metamerism). To check your doors and fascia you should place them side by side in natural daylight for comparison.

Cleaning advice for all door types including timber, painted & foil

- Do not use wax-furniture polish, abrasive or aggressive cleaners, bleach or other hypochlorite (chlorine) based cleaners, multipurpose cleaners, dilutes, acetone, alcohol, solvent or similar products on the door, as this will damage the surface; additionally wax and polishes leave a residue build up that is difficult to remove.
- Only use a 5% soap, 95% water (liquid soap) solution, wiping with a damp (not wet) cloth, finally drying with a soft clean cloth.
- Ensure all cooking splashes are wiped immediately with a damp cloth; and dust with a soft cloth only.
- Never use any abrasive pads or abrasive cleaners on the furniture. Spills and condensation on the fascias/panels should be cleaned and dried immediately.

Timber & Veneered Doors

Cleaning: when cleaning timber doors you must follow the pattern of the grain. It is advisable to use a damp (not wet) cloth to remove fingerprints and marks, followed at once with a clean and dry soft cloth.

Moisture: excess moisture can damage a timber product - it is recommended that susceptible areas such as around the sink are thoroughly maintained and kept dry at all times.

Light: timber changes colour when exposed to light. Light, lacquered surfaces also have a certain tendency to "yellow with age" depending on the exposure to light. The species of timber and intensity of exposure will affect the rate of change. Due to this we recommend that timber samples be changed regularly.

It is advised that colour change is taken into consideration when replacing or fitting new doors some time after the original kitchen has been installed.

Foil & High Gloss Finished Doors

Foil/Lacquer coated products are manufactured from the highest quality materials. Please be careful not to puncture the foil/melamine lacquered surface of your panels. These should be kept dry in order to prevent moisture ingress.

Your gloss doors will come with a protective film over the front. You should remove this only after they are installed as the curing process continues for around 72 hours after the film is removed. This means the doors will be liable to scratching and other marks. You should avoid cleaning the doors for at least a few days to prevent any marks appearing on the surface.

You should clean the doors with a soft damp cloth and a mild detergent. Never use any harsh or abrasive cleaners as this may damage the gloss surface of the door. Normal cleaning and polishing may leave minor scratches on the surface of the door, which is quite natural.

Moisture: Periodically clean the interior and exterior surfaces of the door using a soft, damp cloth. Wipe dry all surfaces after cleaning.

Use only cleaning agents that are intended for the materials used in your kitchen. Avoid any agents that contain ammonia, alcohol, bleach or an abrasive.

If the surface of the product is exposed to any oil based substance (for example olive oil, butter, margarine or cooking oil), the spillage

must be wiped away immediately to prevent staining. Grease marks caused by these oil-based products can easily be removed by use of a mild detergent, non-abrasive cleaner if used immediately after spillage has happened.

Abrasive cleaners are not recommended for this type of product. Do not expose the doors or panels to a temperature in excess of 60°C (140°F) (Approximately the temperature of washing up water).

Light: If the doors are supplied with a protective film on the face they must not be directly exposed to sunlight. Once installation is complete, carefully remove the protective film from the front of the fascia. We also advise that colour change is taken into consideration when replacing or fitting new doors some time after the original kitchen has been installed.

Painted Doors

Cleaning: it is advisable to use a damp (not wet) cloth to remove fingerprints and marks, followed at once with a clean and dry soft cloth. Any form of furniture polish or other cleaning products should be avoided.

Light: painted finishes will change colour when exposed to light - the intensity of exposure will affect the rate of change. Any colour samples and door samples provided should be used as a guide only and due to certain variables, may not provide an exact match to the finished painted product.

We also advise that colour change is taken into consideration when replacing or fitting new doors some time after the original kitchen has been installed.
